Summary

Dedicated and motivated towards Software Development along with learning new concepts while working in a team with different types of people with different capabilities. Proficient in Java and Python. Passionate about Technology. Seeking opportunities towards Software Development.

Education

- **BCA**
CSJMU, Kanpur
2024

Skills

- **Technical Skills:** Proficient in Linux command-line interface (CLI) and system administration,

Java: Developed projects using Java with JFrame for GUI development.

Python: Strong proficiency in Python programming.

- **Soft Skills:** Good Communicator, Problem Solver and Critical thinker

Certifications

- **Cyber Security and Ethical Hacking Workshop**, SKDeft, 2022
- **JAVA training**, SKDeft, 2023
- **Linux training**, SKDeft, 2023

Projects

- **Regumate (Zoom Meeting Automation)**

Description: Developed a Java-based graphical user interface (GUI) using JFrame to facilitate scheduling and managing Zoom meetings seamlessly.

Utilized Python for automating the launch of the Zoom application, ensuring a streamlined meeting setup.

Dynamically populated meeting details from the MySQL database into the Zoom interface, reducing manual data entry and potential errors.

Automated the joining of scheduled meetings at designated times, enhancing efficiency and user experience.

- **Technologies Used** : Java, Python and MySQL Database

Languages

- JAVA : Advanced
- Python : Intermediate

Interests

- Playing Chess
